Animal Rescue. Led by Kids. Powered by Play!

Rescue Legends is a collectible card, storytelling, and role-playing experience where real rescue animals become imaginative "Legends" who inspire kids to learn, play, and take action. Children explore their stories, help build their worlds through creative activities, learn practical animal-care skills, and take part in activities that support real animal rescue.

As they complete missions, kids earn badges and progress through the Rescue Legends hero ranks, building empathy, confidence, teamwork, and a deeper understanding of animal rescue along the way.
