

How does it work?

Watch Molly play!

Molly buys a pack of Rescue Legend cards at an adoption event near her home.

Each Legend card challenges Molly to a real life mission to support animal rescue.

Molly finds the special mission class on the card and chooses a mission from that class to complete to get her badge!

Molly completes fun, empathy-building activities:
Make a dog toy, walk a rescue animal with a caregiver, donate a blanket, make treats for rescue animals, and more.

Thanks to Molly's efforts, a dog named Rocket is adopted! Molly votes for him to become one of the next Rescue Legends.

Molly completes a mission and submits on the website, unlocking a digital badge, prizes, and a vote for her favorite Legend!

Molly buys another pack to level up as a rescuer while completing more missions, earning badges, and votes for Rocket!

Molly completes more missions and levels up from Rescue Hero to Rescue Champion! GOAL: Level up to Rescue Legend!

Molly celebrates! Rocket becomes a Rescue Legend!

Molly trades cards with other Rescue Heroes to create her own personalized "pack of animals" and to collect rare cards!
